## **GLANCE**

**FEBRUARY 2025  
&  
MARCH 2025**

# Editorial Message

*Greetings to you!!*

*“Very little is needed to make a happy life,  
It is all within yourself,  
In your way of thinking.”*

*Welcome to the last edition of “Glance” of the Academic year 2024-2025 As we conclude this year, let’s celebrate the achievements and look forward to new beginnings. Summer is where the fun never ends and memories are made. Everyday is a new adventure waiting to be discovered. Under the summer sun, let your imagination run wild and your laughter fill the air.*

*Wish you all happy holidays!!!*

# Principal's Message

*One day one parent came to my office with his daughter. He wants me to advice his daughter to wake up in the morning because she is often late after seven in the morning, just before the school bus sounds its horn for pick up. Remaining on bed, relaxing in the morning hours even after repeated reminders by parents is one of the bad habits and weakness of many children. Stops the ringing alarm and wait for next snooze. Under the blanket again they are shrinking or stretching with clumsy eyes though the lights put on by busy mom with the wakeup signals.*

*What should push me or to be crazy, not the physical comforts and pleasures expose externally. The internal crave with powerful will determined can challenge all changes in our attitudes. It is often fall in line to the habits of excuses or exemptions lead us to be lethargic. Get motivated to achieve or master in life there should have the appropriate matching good habits and practices in life. I could hear from many parents that children to accept corrections or suggestion. Until a person gets mature enough to take proper decisions the parental suggestions must be the guiding light.*

*The new generation is fully aligned to the social media and it's over influence in all span of life. The social, cultural and spiritual traditions of family are estranged.*

*Everyone looks for more freedom and dislikes the restrictions and customs. The trending youngsters must also uphold good values of family and society. There should be a life balanced by enjoyments and serious tasks and responsibilities. What we are going to gain in life must be the prime priority. Find out the means to realize the goals which may demand sacrifices and sleepless nights. The hard fought success will always be more sweeter than the pleasure being below the blanket.*

*Develop good habits to form refined personality in life. The changing world demands multiple tasks and talents. The idols get its perfection only when it is chiselled deep and curved by the sculptor. The parental corrections, the guidance by the teachers or the elderly advice must be the foundations for strong character in life.*

Happy Vacation.....

We thank God for successfully completing one more Academic year 2024-25. For me, the success of the school depends upon the growth of intelligence Quotio of the students, together with Emotional Quotio. Then only we can say that every child has achieved the holistic growth envisaged in CMI education policy.

If the child achieved only academic growth, there is a possibility that he or she may become useless to home or society and even dangerous. That is why Gandhiji said "Knowledge without humanity is a social sin"

The news of earthquake in Myanmar and in nearby countries should make us feel sad because when our neighbour is affected. When people die in war between Ukraine and Russia, we should feel the pain. Because the news of earthquake in Myanmar and in nearby countries should make us feel sad because when our neighbour is affected. When people die in war between Ukraine and Russia, we should feel the pain, because we belong to one family. We are created by one God. He is our Father and Mother. We are all His children. Let us live by singing the Shanthy Manthra that "Loka Samasta sukino Bhavanthu, let all beings everywhere be happy and free".

Wish you all a fruitful and happy vacation!!!!

## *Aim High & Achieve Big*

Recently the most celebrated news was, the return of famous NASA Astronaut, Ms Sunitha Williams to Earth on 18 March 2025. Sunitha Williams and Butch Wilmore who were part of NASA's Crew-9 mission, stayed in the International Space Station(ISS) for around Nine months instead of Eight days due to technical problems. It was the brave story of persistence and determination they could share after they were welcomed here on Earth successfully completing their mission.

Dear friends, Sunitha Williams once said, "The sky is not the limit; it's just the beginning." It should be our spirit while we go forward in the life journey. Every child is born to this Earth with a purpose or a mission. It could be for a short term or a long period. We all are being created with enormous potencies. But how we actualize them matters. When we are challenged with unexpected things or problems, it's our choice to conquer or give up. No one else can defeat you unless you think you are defeated. There are many around us to show the right path and inspire us with life examples. It's with these role models we built up our success stories.

As students, we need to aim high so that we can create great success stories assimilating good qualities and moral values through our Education. When we approach the close of this Academic year, we should not limit or restrict our abilities and dreams but instead dream high and toil hard for its realization. Sunita's achievements are a testament to her dedication and perseverance. She was the First Indian-American woman to go into space. Her achievements serve as a reminder that with hard work, determination, and passion, we can reach for the stars and achieve our dreams. As students, we can learn valuable lessons from Sunita's life, including the importance of perseverance, resilience, and overcoming obstacles.

We are also in the exam season too. It is the occasion where the quality and depth of our work is evaluated. We need to be optimistic and creative in writing our exams and looking forward to a new Academic year ahead with passion and hope. Sunita's success did not come overnight. She worked tirelessly to achieve her goals, and her determination paid off. Hence, let us work hard to come up with flying colours in the exams thus making our Parents, Teachers and all our loved ones proud.

Wish you all the Best and God's blessings!!!!

## EMBRACING INDIVIDUALITY: CELEBRATING UNIQUENESS

INTRODUCTION: LIFE IS A COMPLEX TAPESTRY, INTRICATELY WOVEN WITH EXPERIENCES UNIQUE TO EACH ONE OF US. ALTHOUGH CERTAIN LAWS GOVERN NATURE AND THE UNIVERSE, OUR PERSONAL EXPERIENCES ARE DEFINED BY COUNTLESS, EVER-CHANGING VARIABLES. EVEN WITHIN SEEMINGLY HOMOGENEOUS SCENARIOS, EACH INDIVIDUAL'S EXPERIENCE DIFFERS DISTINCTLY. IT IS ESSENTIAL TO RECOGNIZE AND EMBRACE THE UNIQUENESS OF OUR OWN LIVES AND EXPERIENCES. THIS ARTICLE SEEKS TO EXPLORE THE SIGNIFICANCE OF LIVING AUTHENTICALLY AND THE EMPOWERMENT THAT RESULTS FROM IT.

UNVEILING THE INFINITE VARIABLES: OUR EXPERIENCES ARE SHAPED BY AN INFINITE NUMBER OF VARIABLES – FROM OUR SKILLS, PERSONALITY, AND ATTITUDES, TO THE REACTIONS AND PERSPECTIVES OF OTHERS AROUND US. DISCOVERING WHAT YOU TRULY LIKE; UNDERSTANDING AND ACKNOWLEDGING OUR PREFERENCES AND DESIRES IS KEY TO INTERACTING WITH THE WORLD ON OUR TERMS. THIS SENSE OF SELF-AWARENESS EMPOWERS US TO ADOPT A UNIQUE APPROACH TO ALL THAT WE DO. IT ALSO ENABLES US TO NAVIGATE THROUGH THE PROCESS OF LEARNING, EXPERIMENTATION, REFINEMENT, AND OPTIMIZATION WITH GREATER CONFIDENCE, HELPING US ALIGN OUR LIFE CHOICES WITH OUR TRUE SELVES.

EMBRACING INDIVIDUALITY: LIVING LIFE ON YOUR OWN TERMS INVOLVES HONOURING YOUR TRUTH AND EXPRESSING YOURSELF FREELY. IT MEANS ACKNOWLEDGING THAT YOUR UNIQUE PATH MAY NOT CONFORM TO SOCIETAL NORMS. BY EMBRACING YOUR INDIVIDUALITY, YOU ENCOURAGE OTHERS TO DO THE SAME. REMEMBER, YOUR JOURNEY IS NOT ABOUT CONFORMING, BUT ABOUT DISCOVERING WHAT BRINGS YOU JOY, SATISFACTION, AND A SENSE OF PURPOSE.

CONCLUSION: IN A WORLD OF INFINITE VARIABLES AND DIVERSE PERSPECTIVES, IT IS VITAL TO CARVE YOUR OWN PATH AND LIVE LIFE ON YOUR OWN TERMS. EMBRACE THE UNIQUENESS OF YOUR EXPERIENCES, PREFERENCES, AND DESIRES. REFRAIN FROM THE PRESSURES OF SOCIETAL CONFORMITY, AND PRIORITIZE YOUR HAPPINESS AND FULFILLMENT INSTEAD. BY LIVING AUTHENTICALLY, YOU CONTRIBUTE TO THE RICH AND VARIED TAPESTRY OF HUMAN EXPERIENCES. SO, EMBARK ON YOUR JOURNEY, DISCOVER YOUR TRUTH, AND LIVE A LIFE THAT IS UNIQUELY AND AUTHENTICALLY YOURS.

LET'S CONTINUE TO DREAM BIG AND STAY PRODUCTIVE.

WARM REGARDS,

T.S. ROSHINI
